

NEVADA SUPREME COURT CASE FILES

As part of an Access to Justice initiative, we are digitizing Nevada case files from 1862-1999. When this project is complete, access to this collection will be available to everyone in Nevada with internet access. This project is estimated to take 18 months. During that time, case files up to 1937 are available at the [Nevada State Library & Archives](#). Please visit their website for more information. For case files between 2006-current, please visit the [Appellate Courts Case Lookup](#). For all other case file requests, please contact the law library at reference@nvcourts.nv.gov.
